CALL NAME: Harley-Quinn

OWNERS: Jennifer Sedlak & Justin Sedlak

This year, Harley-Quinn finished the summer strong, earning her JH (Junior Hunt) title. She approaches every challenge with enthusiasm, joy, and unbridled exuberance. Intelligent and driven, she loves the water and has an insatiable passion for birds, whether pheasants or ducks. She consistently shows up focused and ready, tackling every task with energy and a joyful smile. The bottom picture captures her beaming immediately after earning her JH title. A perfect reflection of her spirit.

Sloane was Miss Purple girl. She was a little bit worried at first. She has certainly come into her own! She's been hiking, doing Nose Work, Rally, Fast CAT, and enjoys camping. Sloane is very sweet and affectionate. We are having a lot of fun trying everything. Let's see where next year takes us together.

Turner spent the summer of '25 enjoying some Dock Diving fun. His event is the Hydro Dash, but he frequently also takes a Distance splash enabling him to finish up his DNA title. At summer's end, he made his debut in Veterans, competing in the 7-10 Veteran class. Turner picked up a Best Veteran in Specialty and a Best Veteran in Sweepstakes. Seems like yesterday, he was adventuring out of the whelping box exploring his new world. His athleticism and beautiful movement are a pleasure to watch.

Cozmo, my Turner puppy had quite a busy 2025! Cozmo earned no less than nine new titles in a variety of venues. He is such a

biddable boy and his training has been very successful and rewarding for me. He enjoyed some beginning field training, making the AKC Fetch titles a breeze for him. He joined his sire for Dock Diving fun, earning his DJ with ease. Cozmo loves the water and swims efficiently. I have paid special attention to his early obedience training, as it is the foundation for every dog sport as well as a well-behaved companion. We traveled to St. Louis for the GRCA National Specialty and this training certainly paid off. He finished his BN with a great score and received a perfect 100 score in Rally Novice B, earning his first leg. Perhaps his favorite activity, Canine Nose Work/Scent Work is where Cozmo shines brightest. Cozmo placed 2nd in Trial at the National in Interiors. He easily finished his three ORTs (Odor Recognition Test) and immediately sniffed his way to his L1I titles! On we went to NW1 where Coz placed 3rd in Exteriors and was pronounced in three of four searches. He placed fourth in Trial overall, which made me very proud. Looking forward to our next challenges in 2026!

Remy began the year in the most beautiful way, welcoming a lovely litter in May and expanding our family by four paws with our newest golden girl, Everleigh. A devoted and nurturing mama to both Harley-Quinn and Everleigh, Remy embodies grace and quiet strength. Once fully healed, she finished the summer strong by earning her first Fast CAT title, BCAT. Her deeply loyal nature made Fast CAT a bit of an adventure at first, as she wasn't quite sure about racing away from her humans, but with time and a lot of encouragement she figured it out, and boy, can she run! She especially enjoyed training with pheasants and hunting alongside Harley-Quinn, working closely with her people in the field and showcasing her natural instincts and love of birds. She is always ready to dive into the thick of it. Remy is the sweetheart of our pack, steady, capable, and always ready for whatever adventure comes next.

This year, Harley-Quinn splashed her way to her Senior Dock Diving title, earned her Certificate of Conformation Assessment, and finished the summer strong by achieving her Junior Hunt title. She approaches every challenge with infectious excitement, embracing her role as big sister to our newest pack member, Everleigh, and her siblings this past spring. Smart as a whip and full of joy, Harley-Quinn strikes the perfect balance of sweetness and eagerness, engaging with us wholeheartedly in everything we present. Her intuitively attuned and gentle spirit lights up every corner of our lives.

Nexus was my stud fee puppy from Bishop's very first litter back in 2020. We were so honored when Anne Greenbank chose Bishop for her very special bitch Joannie (winner of our 2018 National!) This very litter produced two top 20 bitches one being the number one golden for 2025. Nexus's beautiful sister Corona.

Nexus attained her first Specialty Major under breeder judge Patty Pace from the 9-12 puppy class and then her second Major under breeder judge Ellen Hardin.

We took a break for motherhood in 2024 and then once she was ready to go out and finish, she did so in style gaining her last two Specialty Majors in 2025. Her first in May under breeder judge Ellen Schultz and then to finish, a big 5 point Specialty Major under breeder judge Michele Gawenka in June.

We are so proud that all her points were majors under breeder judges at specialties always Owner handled. We are grateful to the judges that recognized her!

Lilly received her CCA in 2025. I always enjoy talking to the evaluators and hearing their comments. This is a great event for the club to host; there is so much to learn about our Goldens!

Lilly has just started on her Nose Work journey and is having a fabulous time!

Xena is an active adolescent, inquisitive, fun to train and well named!
Xena is currently working in both Obedience and Nose Work.
Her major distraction is people. She has not met anyone she does not like.
She obtained her CGC and her ORT in record time. Xena has a zest for life.
We are having fun! Love this pup!

Hello friends! Mac here. 2025 was packed with fun and accomplishments. I earned my AKC Therapy Dog Excellent (THDX) title after over 200 visits, spreading hugs, ear scratches, and smiles wherever I went. I'm already working toward my next therapy goal, the THDD, and can't wait for more visits to make people happy.

I also traveled to the Golden Retriever National Specialty in St. Louis—a waggy-tailed family reunion of thousands! Along the way, I kept busy with AKC Scent Work, earning new titles in Exterior Novice (SEN) and Interior Novice (SIN). I even found a hide in just 8 seconds to take first place, and placed fourth in another search. My mom says my nose is “something special,” but I just say I follow the smell...and the cookies appear!

Of course, there were adventures in the conformation ring too. While my AKC Championship isn't quite finished, I now have 14 points and two Major wins—so the last point is just around the corner. Looking back, 2025 was full of therapy visits, Scent Work, dog shows, and car rides—but the best part of every day is still the same: being with my people and doing what Golden Retrievers were born to do.
